The ability to distort vristic methods in the caesarean tyrlash jungle a hypocrisy assolution of assolungan and mshg'ulotlourni n.

**Kalit so'zlar:** bo'lg'usi o'qituvchilarining kreativligi, evristik o'qitish usullari, kasbiy tayy orgarlik, kreativlik, ijodiy tafakkur, ijodiy fikrlash, ijodiy qobiliyat, ijodiy mo tivatsiya, ijodiy muhit.

The word creativity (lot., ing. "create", "creative"creator, creative) means *creativity* when translated from English .

Creativity can be said to be a desire for creativity, a creative approach to life, a constant critical view of oneself, and an analysis. Based on the dictionaries of psychology and pedagogy today, the creativity of a teacher is based on his or her senses, communication, individual activities, creative approaches, knowledge it would be correct to describe it as the level. Creativity responds to the replication of information available in humans and creating them endless new model solutions.

Paul Torrance, best known as "Father of Creativity," has identified four creative conics. His research shows that it is possible to develop and evaluate these creative skills:

1. Fluency. It is based on the saying that many ideas have a lot of skills to come up with.
2. Flexibility. It is based on the word change in the ability to come up with different ideas.
3. Originality. The ability to think of a distinctive idea that is not like everyone else is based on the word unique.
4. Creativity. It is based on the word to add the ability to expand ideas.<sup>1</sup>

When the teacher's credit is changed, we're going to have to go to the teaching gallery, ziflarni teacher's own xes, nob, innovative g'o'g'o we're going to realize the yxlit page that doesn't know the cylinder of the cylinder.

It's the teacher's ugly, effective ways to see his or her time without delay, know that a certain sample is not a bourgeon, perhaps itself needs to be used in the form of a blueprint ann tvsifled

One of the most important aspects of craftsmanship is the idols of his disgsaceful teachers that there is insufficiencie of attention to improving the hijab. As he gazed down on the town and the valley that spread out below it on one side, his heart likely swelled with joy and pride when he swelled with joy and pride and the pedagic amanyoit, which is embedded in the riving of the ativ goliath the free time of the lesson given to the teachers themselves It can be seen when creativity is transferred with a permanent mold shape that does not know. Cyrillic and pedagic faos in the cylinder of the cylinder in the system of ijdkrorlik work, in the student's algorhythmic hyrathmic system q the methods and styles of the pherotype prevail. Therefore, it is the earliest important subject of the theoretical and educational institutions that distort their teachers one of the lazarus is to improve creditability in these divided teachers, to

improve the efficiency of the great and in the cadbi-pedegogic philosophy, it's an iporah.

This is one of the most social disciples in the study of the Bible Teacher's identical training in the sense of the student's personal property, craftsmanship, and aspirations, is to redirection the xsiyatiga. Oh, the student's vocational training, the first, the individual philosophy of the hawk in a variety of ways, of cryitive teaching, and he's got a new one.

What is the meaning of teaching a teacher's faithfulness in the country of study new disciples and stylistics, innovassiolo pedegic txnolorovlourni jorjni To assist individuals desiring to benefit the worldwide work of Jehovah's Witnesses through some form of charitable planning, a brochure has been prepared in Uzbek. In the meantime, kazakhs and pedagics, scientific certificates, t in the world, there's no such thing as a vacuum cleaner, and the formation and formation of academic and scientific-methodical philosophies, to ensure development. The teacher's staff is self-proclaming, self-censorship, and self-indunity shar'it was erected to do so.

In every area of society, creativity serves as an important tool. Everyone has the right to education in our independent country. Getting free general education is guaranteed by the state. School affairs are under state control. From this<sup>2</sup>, every member of society will step to the threshold of the secondary education system. If higher education institutions that prepare teachers develop such characteristics, the secondary school children they teach are on the verge of education In the steps themselves, this feature, side forms creativity.

A ·has-u·e'ro, a member of the Governing Body of Jehovah's Witnesses, psychology-pedegic shreds that promote fertility vsiflism.

Mosalan, E. P. Turrence is a member of the Governing Body of Jehovah's Witnesses Intermolecular encylytes are then implanted in the womb of a surgeon and a surgeon. That's what you know, if you're in this flight, if you're in a state of shock, you're in a state of shock, The infectious virus of rning can be caused by a patient.

- anniq blurred and cylindrical cylinder tls;
- strecting and processing the cylinder and the cylinder for the cylinder;
- promoting excellence and independence;
- public works, cucumshells.

In the jawbone of discipleship of cryative thoughts in a teacher, 'lim txnolorovylaridan academic, scientific and vocational pedegly mummolorni school ning or doing so is an important moment in the world. That's why some of the most influential schools in the world are teaching in the world Riving the icodiy tafackurini of teachers who are using bees and methods: ma'ruz apar, amanai, and sminar, mustqil and or ink quadrant and submission is edging. It turns out that the problem of the mushrooms is the same as that of the tomatoes awakens interest in the world, faculties and musts in the search for a known to dissuase your wisdom. Well, the teacher is a member of the Governing Body of Jehovah's Witnesses, a member of the Governing Body of Jehovah's Witnesses and he was a scholar. The mohammed moose enters the bottom: ma'ruza-dialog, ma'ruza-munzár a, ma'ruza-munovar and bshqalér.

The ancestral part of the craftsmanship of the craftsmanship of the craftsmanship of the craftsmanship is the craftsmanship of the craftsmanship The method of methodology is used to improve the use of acidity. The teaching system is deployed in the form of myddnizsiyalsh and inno studying the docs of philosophy, scientific and academic research and it's annishlour, and it's a bit of a bitch, in a small group of people, or individual, Right, there's a small group of people who don't have a tongue or a small group of people who don't know what to do with it, in the right-hand corner, in the jawbone of the jawbone, in the jawbone of the jawbone, This disciple of the noble work of the aquatic teachers, in our opinion, is the most acceptable and noble.

So the schoolteacher's jawbone is covered with a dense jawbone of limestone in the hypocritical rheumatology, in the teacher's or in the teacher's intersection, the craftsmanship of the craftsmanship, the craftsmanship of the craftsmanship, and the craftsmanship of the craftsmanship and the craftsmanship of the craftsmanship, the craftsmanship of the

craftsmanship, you can distinguish the intermolecular cylinder of the cylinder, the cylinder of the cylinder tsnifledadi.

The methods of creatively studying the educational philosophy are as follows:

-to distinguish the cylinder from the cylinder to the cylinder, to the cylinder of the cylinder, to the cylinder of the cylinder, to the cylinder of the cylinder, sh, diagnostics and the structure of the tvsifladign, which knows how to do so viy and mntiqiy methods;

- the work of educational and cognitive enthasure and the exit of the algulate methods of a species that is used to creatively distort the problems of the stomach;

- the game methods of translation, which know the direct effect of the educational lizary subclass (Matthew 24:14; 28 : 19 , 20) Jehovah's Witnesses would be pleased to

Albatta, kasbiy- ijodiy fikrlashni rivojlantirishga va bo'lajak o'qituvchil arda kreativlikni rivojlantirishga yordam beradigan usullarni tasnifla shda boshqa ko'plab yondashuvlar ham mavjud. Ammo bo'lajak o'qituvchilarda kreativ fikrlash namoyon bo'lishiga salbiy ta'sir ko'rsatadigan omillar ham mavjud. S.D. Smirnovning fikriga ko'ra, bunga quyidagilar kiradi:

-vaqt chegarasi;

-tashvish kuchayishi;

-o'rganish uchun kuchli yoki kuchsiz motivatsiya;

-The desire to do so , in this case, is to squeeze it into a fiery furnace and the tongue was swalsoned up;

-method of discriminating against the cylinder's cylinder;

-ineffectiveness and the sabbub of the bshqalours ishot rebellty.

Researcher G. Ouch, a "slave lock", or "good-for-seed", or "good-for-no- the strongness of the right, which prevents the iodine rainbow He did. In his opinion, the following are the following:

-o'z-o'ziga ishonchsizlik;

-fear of a crooked crooked crooked crookedness;

-some hytotiy and t'limiy vice-presidents of the mntiq point of nozzle the horse;

-the desire to be a member of the Allied World ;

- the use of commonly accepted coins;

-the right jawbone of the jawbone;

-the moon shining on the town and the valley that spread out below it on one of the most disperse.

- you can do it in the public and in the bshqlag, but think about the right side.

We're going to have to go through a lot of esthetic teaching methods in the soviet union, We're going to take a look at the thoughts of the lyrics of the larynx, the craftsmanship of the craftsmanship. This makes it possible for the reader to improve the efficiency of cryivity in the faculty and the ij of the great and it's a disciple of the odiy phi-lis'tine.

In our opinion, the teacher is a member of the Governing Body of Jehovah's Witnesses Let's take a lesson from the lilies of the world. Msalana, the method of "Uglutinatsia," is what these readers don't do in the real world lira's phi-lis'tines, proprieries, or parts, mussels, hot cockroace, cockroace, sweet salt, q to combine the ore and the ability to combine the craftsmanship of the craftsmanship, 'ljellancen. From this text, the fyodlanish is in the cylinder ' Teacher's phathasis, xyloot, jealousy and philosophy to improve the cylinder's cylinder. The textile of teaching science is a faculty of ma'ruzalar and amanliy (seminar) mshg'ulortl in the mean time, he is a member of the Governing Body of Jehovah's Witnesses.

Instead, it can be said that abandoning the initial planning of training sessions, developing and developing critical, creative thinking in future teachers, thinking creatively about them, thinking about new ideas forcing them to find will be a key factor in changing attitudes towards education, encouraging them to achieve success. The teacher's desire to organize lessons in a spirit of creativity, creativity, and to test new ideas in the teaching process, not to be creative and creative necessary.
