## Abstract

Uzbek in the language to the hand wearable jewelry decoration items two, ie wrist and to the finger wearable decoration from items consists of In our language this jewelry of items from the face more than types there is. This is jewelry decoration items (ie ring, bracelet and others) of appear to be long to history go is worn

**Keywords :** jewelry, jewelry items, ring, bracelet, Kochqorbashi bracelet, bracelet bracelet, snake head ring, Afghan ring, rumcha ring, fence ring

Q die wearable jewelry decoration items two, ie wrist and to the finger wearable decoration from items consists of

Current Uzbek in the language decoration for to the finger wearable annular metal item is called a ring. From him one how many equal to big annular metal item wrist wearable and therefore It is also called a bracelet.

This is jewelry decoration items (ie ring, bracelet and others) of appear to be long to history go is worn For example, early middle school century (V century the end of the 6th century head) historical monuments preserved northern in Tokharistan Childhood village castle jewelry art of samples until us arrived coming important role plays " Jewelry social and economic ceremonial and sophistication importance in himself show reach exactly that's it to the period belongs to In statues reflection delivered jewelry goods, mainly textile or patterned beads, beads and from amulet branches, bracelet and semi and ring shaped from rings, large stone-eyed, ovoid beautiful the shield (eye) is placed tall flanged of rings consists of Without eyes rings about There is also a narration. Ferghana people great custom was The wedding as to the bride « solidarity the meaning signifier gold ring gift done This is a habit a little different in the image our up to the round preserved the rest This in the monument jewelry of items artistic style his own volume and shape in terms of great the elegance of the lines subtlety, ensemble usually except smooth, flat position separate stands " <sup>1</sup>.

So, the ring and bracelet very ancient jewelry from items is counted. That's why for this too of subjects names written in monuments own on the contrary found For example, in " Devon". this names bracelet, bracelet in the style of <sup>2</sup> own expression found Also this items in " Attuhfa". bracelet, bracelet, bracelet in the form of <sup>3</sup>, EVSevortyan in his work ring, bracelet in the form of <sup>4</sup>A. Navoi in his works while in the form of a ring, a bracelet note done

Note that reach Of course, both the ring and the bracelet are different from metals, various in the form, where made and another reasons, properties, characteristics according to is prepared. That 's it case such of items dozens terms there is to be requirement is enough Our opinion the following examples with to confirm we try

As you know, it's a ring and bracelet (other decoration mainly items of metals is made. Accordingly, they are gold, ring, silver ring (bracelet), copper ring (bracelet), tin ring (bracelet), brass like a ring (bracelet). terms with expressed.

This is it small thematic in the group as well as the plant and animal world or their something part, body and to members like made decoration items are also available they are as follows called: king ring: On my hands it fits place gave Shahanak, the kings of Shahanak (ng) are attached to a golden ring (People double.) This is your ring clause two from the side horn like turning to each other with from the combination called shoshanak if need Some in dialects Shoshanak is called shokina. Ram head bracelet, bracelet bracelet, snake

<sup>1</sup> Abdullaev T. and heads. To the mine done add 143 – p.

head ring Dress sleeve to the elbow until rolled up : like a cork on the wrists snake head bracelets burns ( Oybek, Kutlug blood ).

Zeb is an ornament items names to the group again the following terms input can : cast ring ( metal melt and mold put made ring ), ariband ring ( eye and eye from above down towards little better is pasted ), correct ring ( garden and eyesore back - back after being made is connected . Before men wear was , now women wears ), wrapping ring ( eye wrap around made , eyed ring type , handle or casting silver either red of copper is made ), Afghani ring , rumcha ring , fence ring ( of the garden to the eye near places a hole is a hole since so called : holes surroundings florist will be ), dowry ring ( eye instead of installed of your coin to the face of the owner name and family carved ), turquoise eyed ring , gem eyed ring , ruby eyed ring , emerald ring Like this rings of gold made , expensive of stones the eye installed and as above compound terms harvest did Don't pull bracelet ( cylindrical in shape , edgeless , round , inside howl , two tip to' garak , 4 islimi on the face , 2 fringes of flowers , fringes one army in the form of is big gourzum it is said : again one circle in the form of and this small my gourd is called Flowers to the interval don't smoke and per head don't pull by doing khaskargul named pattern put ), puncha bracelet ( baby and of girls on the wrist worn ), officially bracelet ( bracelet clause leaf , collar and to the face name pattern inserted , wide tradition has been type ), cartmonalik bracelet ( item round , two tip of cardboard to each other in exchange closed two clause like processed bracelet type Wrist it when worn , two tip one - together if pressed , closed remains ), leaf bracelet everyone fat leaf , two tip four clawed by doing made, on the face don't smoke and do not pattern inserted ).

Summary by doing so to speak Uzbek in the language hand and to the finger wearable jewelry ornament items the names are also big one part organize does them ball gown and analysis to do of linguistics current from problems is one
